

What is a School Parent Compact?

The School-Parent Compact is an agreement that parents, students, school staff and teachers develop together. It explains how parents, students, and teachers will work together to make sure all our students reach grade-level standards.

The Eastside Elementary School Parent Compact:

- Is linked to the goals on the school improvement plan
- Focuses on student learning skills
- Describes how teachers will help students develop those skills using high-quality instruction
- Shares strategies parents can use at home
- Explains how teachers and parents will communicate about student progress
- Describes opportunities for parents to volunteer, observe, and participate in the classroom

How is the School Parent Compact Developed?

Eastside Elementary School parents, students, staff, and teachers contributed to the development of this Compact. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them. Meetings are held throughout the year to review the Compact and make changes based on input received. Parents can contribute ideas at any time using our Comment Cards (housed in the Parent Resource Center or in the main office). For more information about the Compact or about submitting input, please contact the Principal at Eastside Elementary School at (770) 651-3800.

Building Partnerships

Eastside Elementary School provides many opportunities that parents can utilize to help their children succeed. The Parent Resource Center (PRC) offers a variety of resources such as educational games, books, workbooks and other materials. Parents may use materials in the center, or they may take advantage of the lending library to check-out resources for home use. There are also parent workshops and meetings scheduled throughout the year that include topics such as STEM (Science, Technology, Engineering and Math), Homework Help and Test Taking Strategies. The Eastside Parent Update and the Parent Post are two newsletters that are sent home that include more information on family engagement activities at our school.

Communication about Student Learning

Eastside Elementary School is committed to frequent two-way communication with families about children's learning. Some of the ways you can expect us to reach you include the following:

- Fifth grade teachers will utilize agendas and Remind as a daily communication tool.
- Parent-teacher conferences will be held twice per school year.
- Progress reports and report cards will be issued quarterly.
- Updates will be posted on the school and district websites.
- School Messenger is also used.
- Tuesday Folders will be sent home to communicate student's daily grades.

TEACHERS, PARENTS, STUDENTS TOGETHER FOR SUCCESS

IN OUR FIFTH GRADE CLASSROOM

The fifth grade teachers will work with students and their families to support student success in reading and Envision math. We will work with students and families in the following ways:

- ◆ Provide parents with website resources (YouTube, myON, and iPass) to enhance math and reading comprehension.
- ◆ Provide parents with their child's Lexile score so that parents can help their child choose appropriate reading material at home.
- ◆ Share strategies with parents on how to practice basic math facts at home.
- ◆ Provide parents with Envision Math Newsletter.

AT HOME

Eastside Elementary School parents joined staff to develop ideas about how families can support students' success in reading and math. Some of your key at-home activities will be:

- ◆ Visit teacher-provided websites, such as iPass with my child, to enhance math comprehension.
- ◆ Read nightly with my child on an appropriate reading level at least 30 minutes and discuss the reading in order to increase comprehension.
- ◆ Practice basic math fact fluency nightly with your child (flash cards, timed tests, etc.)
- ◆ Read Envision Math newsletter to be informed about what my child is learning, in Math, and in the classroom.

EASTSIDE ELEMENTARY SCHOOL STUDENTS

Eastside Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in reading and math. Students thought of the following ideas to make connections between learning at home and school:

- ◆ Visit teacher provided websites to improve math and reading comprehension.
- ◆ Read at least 30 minutes at home each day with my parents.
- ◆ Practice basic math facts fluency nightly.
- ◆ Study and practice Envision Math nightly.

BUILDING PARTNERSHIPS

At Eastside, we encourage parents to volunteer their time and efforts. Parents will receive a parent and family engagement form to complete, which afford all parents the opportunity to choose how they would like to participate at their child's school. The Principal will contact parents that complete the form.
